# Pink Beauty® Potentilla

*Potentilla fruticosa* 'Pink Beauty'

# Pink Beauty<sup>®</sup> Potentilla

*Potentilla fruticosa* 'Pink Beauty'

A new introduction of potentilla that is beautiful and distinct. The showy, semi-double, clear-pink flowers will be a highlight from early summer through the first frost.

---

**Botanical Name:** *Potentilla fruticosa* 'Pink Beauty'

---

**Family:** *Rosaceae*

---

**Common Name:** Pink Beauty<sup>®</sup> Potentilla

---

**Origin:** Developed by Professor Louis Lenz at the University of Manitoba, Department of Plant Science. Introduced by Jeffries Nurseries Ltd.

---

**Hardiness:** Zone 2 (Canadian and USDA)

---

**Growth Rate:** A vigorous plant developing into a medium height shrub.

---

**Description:** A distinctive potentilla with semi-double flowers in a very distinctive medium pink. In very extreme heat the flowers will develop a light to pink cream colour. The superior plant vigour results in this potentilla having a long flowering duration. The bright green foliage is bushy and full forming a mounded shrub.

---

**Culture:** Performs best in moderate to full sunshine. It is suited to a wide range of soil types and growing conditions.

---

**Pest and Disease:** No specific problems.

---

**Landscape Value:** Use in mass plantings, in borders or alone in smaller landscapes.

---

**Propagation:** Softwood cuttings by license only.

---

**Sales Potential:** Pink Beauty<sup>®</sup> is the very best pink flowering potentilla available on the market today. This vigorous plant performs well into October. Excellent for home gardens and commercial plantings.

---

**Production:** Propagation by licensed growers. Protected by Canadian P.B.R. Cert. #0174 and U.S.P.P. #9874. E.U. P.B.R applied for. JNL Royalty of 25 cents per plant.

---
